### Mr. Prospective Buyer of a Home:

It is part of our conception of "Maximum Service" to feature in our advertisements such properties as in our best judgment represent the "best buys" available, and it will, we are sure, pay you, therefore, to watch our advertisements. It is impossible, however, in a limited amount of space to feature ALL of the opportunities which are constantly coming to our notice, as it is also impossible for us to know the requirements of all prospective home buyers—therefore, we suggest that it will greatly facilitate the finding of just the home you want if you will come in or write or phone and tell us your requirements, which will enable us to advise you of the properties available which we think may suit you and are really "best buys." Thus you can avail vourself or our "Maximum Service" for Buyers.
